

Call For Papers

About ISCS2022

International Symposium on Chips and Semiconductors (ISCS2022) will be held on November 26 to 28, 2022 in Wuhan China.

The conference will provide participants with an exchange and discussion platform to share research results in the field of chips and semiconductors, explore hot issues, and exchange new experiences and technologies. We cordially invited the researchers, engineers, scholars and industry experts from the field of chips and semiconductors all over the world to attend the conference, and to deeply discuss current technology hotspots and industry development frontiers such as chips, sensors, semiconductor integrated circuits and deep learning platforms.

Call for Papers

The topic of ISCS2022 is including but not limited to:

Chips

- AI Chip Design
- Analog and Mixed-signal Circuits
- Analog Signal Processing
- Chip-to-chip Communications
- Circuit Technologies
- Emerging IC and System
- Data Converters and Data Storage
- Digital Architectures and Systems
- Digital Integrated Circuits...

Semiconductors

- Emerging Semiconductor Technologies
- Ferromagnetism/Magnetic Semiconductors
- High Magnetic Fields
- Impurities/Defects in Semiconductors
- LEDs and Diode Lasers
- Spectroscopy/Measurements
- Organic Semiconductors
- Photoelectric and Photovoltaic Devices
- Physics of Semiconductors

Conference Proceedings

ISCS2022 accepted and presented papers will be published by SPIE, which will be included in SPIE Digital Library, provided to the Web of Science Conference Proceedings Citation Index-Science, Scopus, Ei Compendex, and others, to ensure maximum awareness of the Proceedings.

Final deadline for full paper submission:

November 20, 2022

2022 International Symposium on Chips and Semiconductors

November 26 to 28, 2022 in Wuhan China

ISCS2022 Committees

Conference Co-chair ★

Prof. Lin Wang, Shanghai Institute of Technical Physics, Chinese Academy of Sciences

TPC Chairs ★

Prof. Yonghong Tan, College of Information and Mechatronics, Shanghai Normal University

Prof. Ahmed Yusupov, Tashkent University of Information Technologies named after Muhammad al-Khwarizmi

Prof. Abdelkader Aissat, Department of electronics of Blida University

TPC Members ★

Prof. Gordana Jovanovic Dolecek, Department of Electronics, Institute National INAOE

Prof. Wenjie Feng, Nanjing University of Science and Technology

Prof. Xiangliang Jin, School of Physics and Electronic Science, Hunan Normal University

Prof. BENDAHMANE Boukhalfa, Faculté de Technologie, Université A.Mira de Béjaïa.

Prof. Dong-Dong Chen, School of Microelectronics, Xidian University

Prof. Asral Bin Bahari Jambek, Universiti Malaysia Perlis
